Half Morocco	\$1 00
Full Morocco	1 25
Full Russia	1 25

A YEAR'S EXPENSES

Provided for in the Passage of the City Appropriation Ordinance.

OTHER BUSINESS TRANSACTIONS

At Last Evening's Session of the "Wheeling City Legislators—Various Committees Make Their Reports. Louis Bachelli Gets no Liquor License—A Water Board Ordinance. Fire Department Rules—Other Business Transacted.

A regular meeting of the city council was held last evening, a quorum present in each branch. Mayor Caldwell presided over the first and President Waterhouse in the second branch. In the second branch the reading of the minutes was dispensed with, and then Clerk Thoner commenced the reading of the finance committee's ordinance for the board of public works, taking \$2,048 75 from the contingent fund and placing it in the general fund. Members of the committee said that this step is necessary on account of the stringency in city finances. There was no opposition; the ordinance was passed unanimously.

The clerk next reported the finance committee's annual appropriation ordinance which estimates the revenues for the year at \$431,229 70, and particularizes the departments wherein the money shall be expended. Mr. Milligan objected to the second reading of the ordinance as members are not familiar with its provisions; he wanted time to consider its provisions. Mr. Gruso argued against delay and took occasion to say that interest on city loans must be paid Thursday of next week. He said if Mr. Milligan jeopardized the city's interest and credit he "will not wait that neat very long. Mr. Milligan said he would state his objections at the next meeting of council.

Mr. Gruso wanted the first branch notified that the second was ready to adjourn. Mr. Brock did not think the gentleman from the Second ward realized the gravity of the position he was assuming—a position that will greatly injure the city. Some of the gentleman's friends should intervene and dissuade him, otherwise the blame will rest precisely where it belongs.

Mr. Frow suggested an adjourned session to to-morrow evening, but this was not deemed advisable.

Mr. Brock wanted to know of a good reason for adjournment to the time mentioned. Mr. Frow said he wanted to learn the character of the gentleman's objections.

Clerk Thoner suggested routine business be transacted. It was decided to hold the Second ward market on July 3, in the afternoon in place of July 4 in the morning.

A recess was then taken while Mr. Milligan conferred with several of his colleagues. It was said his objection to the ordinance was the disposition of the Second ward's appropriation. With Mr. Richards (Second ward) the objecting gentleman held a "conference built for two" in the hallway. The outcome was that Mr. Milligan withdrew his objection to the second reading of the ordinance which was then proceeded with. Mr. Milligan stated to a member that he based his objection on an agreement he had with Mr. Gruso, made last spring, for a stone wall on Charles street, which had not been considered in the appropriation ordinance.

At the conclusion of the second reading of the ordinance, Mr. Hupp, of the real estate committee, asked that \$200 be appropriated for repairs to the Paxton fountain, instead of \$200; the change was made. The ordinance was next read by its title and passed by the branch, after which it was sent over to the first branch.

The committee on accounts reported bills amounting to \$893 63, that were ordered paid. The committee on police reported police bills, \$371 75, also ordered paid by council. The streets, alleys and grades committee's bills, (contingent fund) \$60, were ordered paid. Cemetery committee bills amounted to \$59 50 and were ordered paid. Scales committee bills were \$120 79; ordered paid. The committee on health also had some bills, amounting to \$331 53, which they wanted paid; the committee was accommodated. The committee on police also reported city prison bills, \$83 63; council ordered them paid. Fire department bills aggregated \$139 08 and were ordered paid. Real estate committee bills were ordered paid, amounting to \$58 77.

City Solicitor, Colonel Robert White, reported regarding the erection of a board fence around the East Wheeling cemetery and collection for same from the owners of lots, and was of the opinion that such action could not be made the ground of complaint by anybody. The communication was received and filed. Mr. Hupp wanted his resolution on this subject called up. Mr. Milligan wanted the matter referred to the committee on real estate, but Mr. Gruso did not favor such action, especially as there is no fund from which the money can be taken. The matter was indefinitely postponed.

The committee on petitions and remonstrances reported adversely on the application of Louis Bachelli for liquor license; the report was unanimously adopted.

The committee on water works reported meeting with the water board, and recommended the passage of the ordinance from the board. The ordinance was read once at a former meeting. It provides for charges on water closets and baths which have no inlet pipes. Mr. Gruso moved to amend the ordinance, changing the rate of charge from \$4 to \$2. The amendment prevailed, 10 ayes and 3 noes, and the ordinance was read for the third time by its title; it was then passed.

Mr. Burke introduced a resolution providing for the recompensing of firemen for work in tearing down the old Sweeney foundry building. Finance committee members said such action could not be taken, as the revenues are already appropriated. The matter was finally referred to the committee on fire department.

Frank Matthews applied for stall No. 60 in the Second ward market house for his restaurant business; referred to the committee on markets.

Jacob Zeltz's application for coffee house license was referred to the committee on petitions and remonstrances.

Council was invited by the Fulton council to attend the water test at Fulton and banquet at Wheeling Park this evening. The invitation was accepted.

Mr. Brock moved that the rule regarding displays of the fire department be enforced. The motion was adopted without opposition.

A resolution from Mr. Hupp empowering the expenditure of \$250 for repairs on council chambers was ruled out of order.

Petitioners on High street wanted an electric light on that thoroughfare; referred to the gas board. Other peti-

SHOES—ALEXANDER.

Our Sojer Boys

Camping in cars with the mercury at 95 are about as comfortable as your feet in them high, worn stiff shoes you're wearing. Why don't you come in and get a pair of our OXFORDS or CARMENCITAS? They're awfully swell and awfully cool.

IT DON'T COST MUCH.

—TO WEAR THEM EITHER.

Alexander,
SHOESELLER, 1049 Main Street.

We have some Red Shoes and Oxfords for children, to get out of the house. Price on them don't cut any figure, but the wear does. Better see them.

tioners wanted creek sewers and curbstones; the applications were referred to the board of public works.

An ordinance, passed in the first branch, requiring the street railway companies to provide safety fenders was passed in the second branch. The fenders must be put on all cars within ninety days. Mr. Frow suggested that fenders be put on steam motors as well as on electric cars. It was finally suggested that another ordinance be drawn up to provide fenders for steam cars. A by-play, rather sharp, ensued between Messrs. Gruso and Milligan, and the result was that nothing was done regarding steam cars.

An ordinance (passed by the first branch) requiring the three city boards to acknowledge all communications received by them from council was considered in the second branch, and passed without discussion or objection.

Mr. Hamilton introduced a resolution regarding the riding of bicycles, tricycles, etc., on the sidewalks of the city, proposing certain regulations. The resolution was referred to the committee on ordinances.

In the first branch there was considerable objection to the resolution regarding not taking the fire apparatus out of the city, the mayor citing instances where the city's apparatus has saved much property in the vicinity of the city. The resolution was referred to the committee on fire department.

Death of an Infant Son.

Yesterday the three-months-old son of Mr. and Mrs. George T. Digby, of Ohio street, died from a complication of diseases. The funeral will take place this afternoon from the family residence.

CURES MOTHERS

To build up both solid flesh and strength after grip, pneumonia, fever and other prostrating diseases, there is nothing so equal Dr. Pierce's Golden Medical Discovery.

PROSTRATION FOLLOWING GRIP.

Mrs. KATHERINE GARNETT, of George C. H. Co., writes: "I was taken with grip which finally resulted in pneumonia. I was prostrated for three months. Had a terrible cough and was emaciated and very weak. Was fastidious and had no appetite. I took two bottles of Dr. Pierce's Golden Medical Discovery. I took only one bottle before I felt better. After two bottles I could sit up, and felt I had been saved from the grave. I increased rapidly in flesh and strength."

WEDDING OF THE YEAR

GRAND reunion—jobber, drummer, grocer, clerk and patron—all promised on Thursday, June 28. Grocers' day.

LADIES' WAISTSALE AT THE BON TON.

The greatest bargain ever offered in this city or elsewhere, 1,000 Laven Waists, dark and light. The \$1 00 quality at only 25c. To see them is to buy them. Was

APRON Gingham, enough for an apron, for 8 cents. Dutch blue prints 2 cents at EMMER'S.

DIED.

BONE—On Tuesday, June 26, 1894, at 11:30 o'clock a. m., MARY CRUEL, infant child of A. S. and Edith M. Bone, aged 3 months and 23 days.

Funeral services at her late residence, No. 28 Mount Wood Road, this (Wednesday) afternoon at 5 o'clock. Friends of the family respectfully invited to attend. Interment at Mt. Wood Cemetery.

[Berkeley county papers please copy.]

DIGBY—On Tuesday morning, June 26, 1894, RUSSELL McFARLANE, infant son of George T. and Sarah C. Digby, aged two months and two weeks.
